Pizza...All of our crusts are par-baked. We recommend bringing to room temperature, remove all packaging materials, & place directly on your oven rack, (if free of gluten. If not, place on a baking sheet). Ovens can vary greatly, but we recommend 400 degrees for 10-15 minutes.

Stromboli...All of our Stromboli are raw products. Thaw, remove from plastic, place on pan and bake at 350 degrees for 20-25 mins.

Pierogies (Potato cheese, Potato onions, or kraut)... Bring water to boil, boil pierogies until they float. Sauté in pan with butter and onions. Server with sour cream or red sauce.

Muffins/cookies/etc...Our plastic containers are *not* airtight, so we suggest you enjoy your goodies right away, or transfer them to an airtight container of your own.

Gnocchi...enough for 2 meals. Bring water to a boil. Drop in desired amount of frozen gnocchi and stir *gently*. When gnocchi float, (2-4 mins) drain and enjoy with your favorite sauce.

Storage of Bread/rolls...All of our products are **preservative free**. We recommend enjoying your bread/rolls on day one, but should be placed in the freezer within 3 days to enjoy at a later date. They will typically last up to 3 months in the freezer. Breadcrumbs are fresh and are best kept in the freezer for up to 3 months to maintain freshness. Croutons are completely dried and should be kept in a cool, dry, (not the refrigerator), place for up to 1 month or more.
